FORWARD-LOOKING STATEMENTS

From time to time, CWB makes written and verbal forward-looking statements. Statements of this type are included in the Annual Report and reports to shareholders and may be included in filings with Canadian securities regulators or in other communications such as press releases and corporate presentations. Forward-looking statements include, but are not limited to, statements about CWB's objectives and strategies, targeted and expected financial results and the outlook for CWB's businesses or for the Canadian economy. Forward-looking statements are typically identified by the words "believe", "expect", "anticipate", "intend", "estimate", "may increase", "may impact", "goal", "focus", "potential", "proposed" and other similar expressions, or future or conditional verbs such as "will", "should", "would" and "could".

By their very nature, forward-looking statements involve numerous assumptions and are subject to inherent risks and uncertainties, which give rise to the possibility that management's predictions, forecasts, projections, expectations and conclusions will not prove to be accurate, that its assumptions may not be correct and that its strategic goals will not be achieved.

A variety of factors, many of which are beyond CWB's control, may cause actual results to differ materially from the expectations expressed in the forward-looking statements. These factors include, but are not limited to, general business and economic conditions in Canada, including the volatility and level of liquidity in financial markets, fluctuations in interest rates and currency values, the volatility and level of various commodity prices, changes in monetary policy, changes in economic and political conditions, legislative and regulatory developments, legal developments, the level of competition, the occurrence of natural catastrophes, changes in accounting standards and policies, the accuracy and completeness of information CWB receives about customers and counterparties, the ability to attract and retain key personnel, the ability to complete and integrate acquisitions, reliance on third parties to provide components of business infrastructure, changes in tax laws, technological developments, unexpected changes in consumer spending and saving habits, timely development and introduction of new products, and management's ability to anticipate and manage the risks associated with these factors. It is important to note that the preceding list is not exhaustive of possible factors.

Additional information about these factors can be found in the Risk Management section of CWB's 2016 MD&A. These and other factors should be considered carefully, and readers are cautioned not to place undue reliance on these forward-looking statements as a number of important factors could cause CWB's actual results to differ materially from the expectations expressed in such forward-looking statements. Unless required by securities law, CWB does not undertake to update any forward-looking statement, whether written or verbal, that may be made from time to time by it or on its behalf.

Assumptions about the performance of the Canadian economy over the forecast horizon and how it will affect CWB's businesses are material factors considered when setting organizational objectives and targets. In determining our expectations for economic growth, we primarily consider economic data and forecasts provided by the Canadian government and its agencies, as well as an average of certain private sector forecasts. These forecasts are subject to inherent risks and uncertainties that may be general or specific.

DESCRIPTION OF THE BUSINESS

General

CWB is the largest publicly traded Schedule 1 chartered bank headquartered in Western Canada. CWB and its subsidiaries currently operate in the financial services areas of banking, trust and wealth management. CWB delivers core business and personal banking services in Western Canada through a network of 42 branches. National Leasing specializes in commercial equipment leasing for small and mid-sized transactions and is represented across Canada. CWT provides trustee and custody services to independent financial advisors, corporations, brokerage firms and individuals. CWT also underwrites and administers residential mortgages through its Optimum Mortgage division. Valiant's business is currently comprised of deposit services and reclamation trust services. CWB Maxium provides loans, leases and structured financing to clients primarily in Ontario. Adroit, CWBWM, and McLean & Partners specialize in discretionary wealth management for individuals, corporations and/or institutional clients. Adroit is also the manager and trustee of the CWB Core Funds. CWBWM is the manager and trustee of the Onyx Funds. Third party mutual funds, the CWB Core Funds and the Onyx Funds are offered through CWF, the Bank's mutual fund dealer subsidiary.

Summary

The CWB branch network consists of 17 branches in Alberta, 18 branches in British Columbia, five branches in Saskatchewan and two in Manitoba. CWB operates an Internet-based banking division under the name Canadian Direct Financial[®], which offers registered and non-registered deposit products. CWT maintains offices in Calgary, Alberta, Edmonton, Alberta, and Vancouver, British Columbia. Adroit serves its clients from its Edmonton, Alberta office, CWBWM serves its clients from its Vancouver and Edmonton offices, and McLean & Partners serves its clients from its Calgary, Alberta office. National Leasing is based in Winnipeg, Manitoba. National Leasing has a network of sales representatives across Canada serving the needs of customers in every province. CWB Maxium is based in Richmond Hill, Ontario. CWB Maxium services clients across the country, but is primarily focused on Ontario.

Commercial lending services are divided into four major categories: general commercial, real estate (which includes construction and development loans), equipment financing (which includes equipment leasing generally carried out by CWB Leasing and National Leasing) and energy. A portfolio of loans identified internally as corporate lending has also been developed through selective participation in syndications, the majority of which are structured and led by the major Canadian banks.

Credit risk is managed through lending policies and procedures, the establishment of lending limits and a defined approval process. Risk diversification is addressed by establishing portfolio limits by geographic area, industry sector and loan

product. It is CWB's policy to limit connected corporate borrowers' loan authorizations to not more than 10% of CWB's shareholders' equity. In general, CWB's lending limit is \$50 million for a single risk exposure. However, for certain quality connections that confirm debt service capacity and security from more than one source, the limit is generally \$100 million. Customers with larger borrowing requirements are accommodated through loan syndications with other financial institutions.

Competitively priced consumer loans and mortgages are mainly offered to customers through bank branch locations. Optimum Mortgage, a division of CWT, offers conventional, high-ratio and alternative residential mortgages and home equity lines of credit, primarily through third party mortgage brokers.

CWB offers a variety of banking services and competitively priced deposit products. Customers have access to their accounts through CWB's membership in the Interac[®], Cirrus[®] and Exchange[®] automated banking machine networks, the Interac[®] Direct Payment system, and through CWBdirect[®] Online Banking and CWBdirect[®] Business Online Banking, both Internet computer banking platforms. Customers can also view their statements, account activity and cheque images over the Internet via Online Banking. CWB offers personal credit cards through an agreement with MBNA Canada Bank and business credit cards through an agreement with Peoples Trust Company. Mutual funds are offered to customers through CWB's mutual fund dealer subsidiary, CWF. CWT and Valiant deposit products are also offered through CWB's branch network.

CWB Maxium offers clients specialized financing solutions, with a focus on the areas of health care, golf, transportation, real estate, and general corporate financing. Although focused on the Ontario market, CWB Maxium serves customers across the country. CWB Franchise Finance is a specialty lending division that provides loans and leases to hotel and restaurant franchises across the country.

National Leasing specializes in commercial equipment leasing for small to mid-sized transactions. Headquartered in Winnipeg, Manitoba, it serves customers in all provinces via its sales network.

Trust services are offered through CWT and Valiant. CWT's personal trust services include self-directed registered investment accounts, non-registered investment accounts and individual pension plans. CWT's corporate and group trust services include registered pension plan custody, executive compensation plan services and employee-based savings plan services. Subsequent to the 2015 sale of its stock transfer, corporate trustee and employee plans businesses, Valiant's services are limited to deposit taking and reclamation trust services.

Adroit, CWBWM and McLean & Partners offer wealth management services via discretionary management of client investment accounts. Adroit and CWF clients may receive non-personalized investment management services by investing in the CWB Core Funds, two mutual funds managed by Adroit. Likewise, CWBWM and CWF clients may receive non-personalized investment management services by investing in the Onyx Funds, six mutual funds managed by CWBWM.

Substantially all revenues of CWB and its subsidiaries in 2015 and 2016 were derived from transactions with external customers.

Competitive Conditions

Competition mainly comes from chartered banks, credit unions, trust companies, insurance companies, asset lenders, pension funds, investment management firms, government-owned entities operating in the financial services industry, commercial lessors and other regionally based financial institutions. CWB's businesses operate in very competitive markets, particularly with respect to the pricing, nature and extent of products and services offered. Key competitive differences are a commitment to highly personalized service and responsive decision-making.

New Products

In February 2016, CWBWM launched the Onyx Funds. The Onyx Funds are managed by CWBWM and are available to CWBWM and CWF clients.

Intangible Assets

Numerous trademarks and trade names associated with the businesses of CWB and its subsidiaries have been registered, or are in the process of registration. Further information about CWB's intangible assets can be found in the notes to the 2016 Financial Statements.

Environmental Protection

CWB is exposed to a degree of financial risk as a result of environmental laws. To manage this potential exposure, environmental risk is factored into credit evaluation procedures and property acquisitions to ensure CWB's interests are reasonably protected. To date, environmental risks have not had any material effect on operations.

Public Accountability

CWB is deeply committed to its employees and the communities in which it operates. CWB publishes a *Public Accountability Statement* outlining its activities related to community investment, small business financing and access to financial services. This report is available on CWB's website, www.cwb.com, under the tab "Investor Relations/Regulatory Filings/Public Accountability Statement."

Employees

At October 31, 2016, CWB and its subsidiaries had 2,100 employees.

SUPERVISION AND REGULATION

CWB, CWT and Valiant are each federally regulated financial institutions. CWB is governed by the Bank Act and CWT and Valiant are governed by the *Trust and Loan Companies Act* (Canada). The Office of the Superintendent of Financial Institutions (OSFI) is responsible to the Minister of Finance (the Minister) for the supervision of federally regulated financial institutions, including CWB, CWT and Valiant. OSFI is required to examine the affairs and business of each institution for the purpose of determining whether statutory requirements are duly observed and the institution is in sound financial condition. OSFI performs an annual examination and submits its report to the Minister thereafter.

In addition to their governing legislation, CWB, CWT and Valiant are subject to regulation under the *Financial Consumer Agency of Canada Act*. The Financial Consumer Agency of Canada enforces consumer-related provisions of the federal statutes that govern financial institutions. The activities of CWB's trust subsidiaries are also regulated under provincial laws where they conduct activities in those provinces. As a result of a 2014 decision of the Supreme Court of Canada, certain activities of CWB may be subject to provincial laws, pending proposed revisions to the Bank Act. CWF, CWBWM, Adroit, and McLean & Partners are regulated by the provincial securities commissions in the provinces in which they operate. CWF is also regulated by the Mutual Fund Dealers Association of Canada (MFDA), the self-regulatory organization for mutual fund dealers. McLean & Partners is also regulated by the Investment Industry Regulatory Organization of Canada (IIROC).

CWB, CWT and Valiant are member institutions of the Canada Deposit Insurance Corporation (CDIC), which insures certain deposits held at the member institutions. CWF is a member of the MFDA Investor Protection Corporation, which provides certain protections to MFDA member customers in the event the MFDA member becomes insolvent. McLean & Partners is a member of the Canadian Investor Protection Fund, which provides investor protection for investment dealer bankruptcy.

CWB is prohibited from paying or declaring a dividend if there are reasonable grounds to believe that CWB is, or that payment would cause CWB to be, in contravention of any regulation made under the Bank Act with respect to the maintenance of adequate capital and adequate and appropriate forms of liquidity, or with any direction given with respect to such matters by OSFI.

In conjunction with the issuance of Trust Capital Securities – Series 1 (CWB WestS – Series 1) in August 2006 by Canadian Western Bank Capital Trust (CWB Trust), CWB contractually agreed that, if CWB Trust fails to pay in full the semi-annual distributions on its CWB WestS – Series 1, CWB will not declare dividends on outstanding preferred shares and common shares for a period of approximately 12 months. CWB Trust is an open-ended trust, established under the laws of Alberta on August 18, 2006 by Valiant as settlor and trustee for the purpose of issuing the CWB WestS – Series 1. Computershare Trust Company of Canada is currently the trustee of CWB Trust. As described below, the CWB WestS will be redeemed on December 31, 2016.

DESCRIPTION OF CAPITAL STRUCTURE

General Description

The CWB WesTS and the deposit note will be redeemed effective December 31, 2016. Following the redemption of the WesTS, CWB Trust will be wound up in due course. Constraints

Any person wishing to obtain, or increase, a significant interest in a bank must make an application to the Minister of Finance. Ownership, directly or indirectly, of more than 10% of any class of shares of a bank constitutes a significant interest. A bank with equity of \$12.0 billion or more (a Large Bank) may not have a shareholder which owns, directly or indirectly, more than 20% of its outstanding voting shares of any class or more than 30% of its outstanding non-voting shares of any class. Although CWB does not meet this equity threshold, CWB was grandfathered and deemed to be a Large Bank under this section of the Bank Act. The Minister has the power to change CWB’s status if it is demonstrated that the change in status is in the public interest and it will foster opportunities for CWB to grow and better serve its customers. If the Minister were to change the status of CWB, the Minister could approve the acquisition of all of CWB’s common shares by a single entity.

CWB monitors the above constraints on shareholdings through various means, including completion of Declaration of Ownership Forms for shareholder certificate transfer requests and a shareholder identification program managed by CWB’s Investor Relations function.

Ratings

The following credit ratings have been assigned to CWB by DBRS and are current to the date of this document. DBRS last confirmed these ratings on November 17, 2016. CWB pays DBRS a fee for providing a credit rating for CWB.

Debt	DBRS Rating ⁽¹⁾	Trend	DBRS Rating Description
Issuer Rating	A (low)	Stable	<ul style="list-style-type: none"> • The issuer rating addresses the overall credit strength of the issuer based on the DBRS long-term obligations rating scale. • The DBRS long-term rating scale provides an opinion on the risk of default; that is, the risk that an issuer will fail to satisfy its financial obligations in accordance with the terms under which an obligation has been issued. • The “A” rating is ranked third of DBRS’s 10 long-term rating categories. • The “low” designation means the securities should be considered as belonging in the lower subcategory of the rating category. • An obligation rated “A” is of good credit quality. The capacity for the payment of financial obligations is substantial. The issuer may be vulnerable to future events, but qualifying negative factors are considered manageable.

Debt	DBRS Rating ⁽¹⁾	Trend	DBRS Rating Description
Deposit and Senior Debt Rating	A (low)	Stable	<ul style="list-style-type: none"> The “A” rating is ranked third of DBRS’s 10 long-term rating categories. The “low” designation means the securities should be considered as belonging in the lower subcategory of the category. An obligation rated “A” is of good credit quality. The capacity for the payment of financial obligations is substantial. The obligor may be vulnerable to future events, but qualifying negative factors are considered manageable.
Short-Term Instruments Rating	R-1 (low)	Stable	<ul style="list-style-type: none"> The DBRS short-term debt rating scale provides an opinion on the risk that an issuer will not meet its short-term financial obligations in a timely manner. The “R-1” rating is the first of DBRS’s six short-term rating categories. An obligation rated “R-1 (low)” is of good credit quality. The obligor’s capacity for the payment of short-term financial obligations as they fall due is substantial. Overall strength is not as favourable as higher rating categories. The obligor may be vulnerable to future events, but qualifying negative factors are considered manageable.
Subordinated Debt Rating	BBB (high)	Stable	<ul style="list-style-type: none"> The “BBB” rating is ranked fourth of DBRS’s 10 long-term rating categories. The “high” designation means the securities should be considered as belonging in the higher subcategory of the rating category. An obligation rated “BBB” is of adequate credit quality. The capacity for the payment of financial obligations is considered acceptable. The obligor may be vulnerable to future events.
Non-Cumulative Preferred Shares Series 5 and Series 7 Rating	Pfd-3	Stable	<ul style="list-style-type: none"> The DBRS preferred share rating scale is used in the Canadian securities market and is meant to give an indication of the risk that a borrower will not fulfil its full obligations in a timely manner, with respect to both dividend and principal commitments. The “Pfd-3” rating is the third of DBRS’s six rating categories for preferred shares. A security rated “Pfd-3” is of adequate credit quality. While protection of dividends and principal is considered acceptable, the issuing entity is more susceptible to adverse changes in financial and economic conditions, and there may be other adverse conditions present which detract from debt protection.

⁽¹⁾ A more detailed explanation of each rating above may be obtained directly from DBRS.

In general terms, ratings are opinions that reflect the creditworthiness of an issuer, a security, or an obligation. They are opinions based on forward-looking measurements that assess an issuer's ability and willingness to make timely payments on outstanding obligations (whether principal, interest, dividend, or distributions) with respect to the terms of an obligation. Ratings do not address the market price of a security.

Credit ratings are intended to provide investors with an independent assessment of the credit quality of an issuer or a security and do not speak to the suitability of particular securities for any particular investor. A credit rating is, therefore, not a recommendation to purchase, sell or hold a security. Ratings are subject to revision and withdrawal at any time by the rating organization.

Each DBRS rating category is appended with one of three rating trends: “Positive”, “Stable”, or “Negative”. The rating trend indicates the direction in which DBRS considers the rating is headed should present tendencies continue or, in some cases, unless challenges are addressed. However, the investor must not assume that a positive or negative trend necessarily indicates that a rating change is imminent.

Pre-Approval Policies and Procedures Regarding External Auditors

As part of CWB's corporate governance structure, the Audit Committee annually reviews and approves the terms and scope of the external auditors' engagement. To further ensure that the independence of the auditors is not compromised, CWB's policy requires that the Audit Committee also pre-approve all significant engagements of the auditors for non-audit services and monitor all other engagements.

Under the policy, the significance threshold for non-audit engagements is defined as any engagement for which the cost estimate exceeds 5% of the annual audit fee, as outlined in the auditors' scope memorandum. Receiver/manager services provided by the auditors to borrowers of CWB are not included in the definition of non-audit services under this policy but are reviewed by the Audit Committee on an annual basis.

All non-audit service engagements, regardless of the cost estimate, are required to be co-ordinated and approved by CWB's Chief Financial Officer, or designate, to further ensure that adherence to this policy is monitored. All non-audit service engagements are reported to the Audit Committee on a quarterly basis.

The purpose of the Audit Committee is to assist the Board of Directors (the “Board”) in fulfilling its oversight responsibilities with respect to the:

- 1.1 integrity of the financial statements, other financial information and certain disclosure documents provided by Canadian Western Bank to its shareholders, the public and others
- 1.2 qualifications and independence of the external auditors;
- 1.3 performance of the Bank’s internal and external auditors; and
- 1.4 adequacy of the CWB Group's internal controls.

For the purposes of this mandate, “Bank” means Canadian Western Bank and “CWB Group” means the Bank, its federally regulated subsidiaries and such other subsidiaries designated from time to time by the Board.

Although the Audit Committee has the powers and responsibilities set forth in this mandate, the role of the Audit Committee is oversight. It is not the duty of the Audit Committee to conduct audits or to determine that the CWB Group's financial statements are complete, accurate and in accordance with International Financial Reporting Standards (“IFRS”). The external auditor is responsible for planning and carrying out, in accordance with professional standards, an audit of the CWB Group's annual financial statements and reviewing the Bank’s quarterly financial information. Management of the CWB Group is responsible for the preparation, presentation and integrity of the financial statements and for maintaining appropriate accounting and financial reporting principles, policies and internal controls and procedures designed to ensure compliance with accounting standards and applicable laws and regulations.

2.0 Organization of the Audit Committee

The Audit Committee shall be comprised of not less than three directors, one of whom shall serve as the Chair of the Audit Committee, as determined and appointed by the Board. Each Audit Committee member shall satisfy the independence, financial literacy and experience requirements of all applicable regulatory requirements (including Multilateral Instrument 52-110 *Audit Committees*) and one Audit Committee member shall be considered a financial expert, as such qualifications are interpreted by the Board in the exercise of its sound business judgment.

3.0 Meetings of the Audit Committee

In order for the Audit Committee to transact business, three members of the Audit Committee must be present and a majority of those present must be resident Canadians. The Audit Committee shall meet on a regular basis and shall schedule a sufficient number of meetings (whether in person or by teleconference) to carry out its mandate, which shall occur at least once each quarter. Any member of the Audit Committee or the external auditors may call a meeting. At least quarterly, the Audit Committee shall have separate private meetings with the external auditors, Chief Internal Auditor, Chief Financial Officer and management to consider any relevant matters. The Chair, or in his or her absence another member of the Audit Committee, will preside at each meeting of the Audit Committee.

4.0 Reporting to the Board

The Audit Committee shall present a verbal report at each regularly scheduled Board meeting with respect to its activities with such recommendations as are deemed desirable in the circumstances.

5.0 Outside Advisors

The Audit Committee shall have the authority to retain, at the Bank's expense, independent advisors and consultants to advise the Audit Committee as it determines necessary to carry out its duties and to fix the remuneration of such advisors and consultants.
