

Corporate Governance

OUR CORPORATE GOVERNANCE PRACTICES

INTRODUCTION

Everything we do at CWB, including our corporate governance practices, is driven by our core values:

PEOPLE FIRST

Caring people are the key to our success. We work as a team and support one another. We always treat each other with respect and have the courage to be candid.

RELATIONSHIPS GET RESULTS

Clients choose CWB for the best experience. We build relationships proactively, with intention and consistency. Our results depend on it.

EMBRACE THE NEW

Change is everywhere. We seek out new ideas and are committed to continuous learning. We know that better is always possible.

THE HOW MATTERS

How we do things is as important as what we do. We take ownership, and move with urgency and efficiency. We always act with integrity, and balance risk and reward.

INCLUSION HAS POWER

Diverse teams unleash new ideas and perspectives. We are aware of our own biases. We are proud of who we are, and we are allies for those around us.

These values are reflected in our strong corporate governance culture, founded on the principles of integrity and accountability. Our corporate policies and practices foster ethical conduct, promote responsible business practices, and ensure CWB is managed to build long-term shareholder and stakeholder value.

Our corporate governance framework is supported by clearly defined roles for our Board and committees. The GCR Committee reviews corporate governance best practices, monitors compliance with governance policies, provides direction to the Board and management, and makes recommendations to the Board to enhance corporate governance and Board effectiveness. Our corporate governance framework forms part of our overall ESG approach, implementing practices that align with our environmental and social framework, which is described in more detail in our 2021 Annual Report.

We ensure that our governance policies meet or exceed the requirements of our regulators, including OSFI, the Canadian Securities Administrators, and the TSX. In addition, we consider, and where appropriate will adopt, new corporate governance best practices put forward by governance institutions, academics, industry groups, and groups that represent the interests of our shareholders and other stakeholders.

GOVERNANCE AT CWB: A SNAPSHOT

A summary of the key elements of our governance practices and where you can find them in this Circular follows:

Corporate Governance Snapshot		See Page
Appropriate Board size	11 director nominees	6, 16
Board independence	10 of 11 director nominees are independent	24
Formal Mandate for Board, Board Committees and Board Chair	✓	20, 21
Separate Chair and CEO positions	✓	24
Annually elect directors	✓	6, 9
Elect directors individually (not by slate)	✓	23
Majority voting policy for directors	✓	23
Board diversity policy, including targets	55% of director nominees are women (vs. 40% target) 18% of director nominees identify as Black, Indigenous or racialized persons (vs. 5% target) 50% of committee Chairs are women	25
Executive diversity policy, including targets	38% of executives are women (vs. 30% target) 13% of executives identify as Black, Indigenous or racialized persons (vs. 5% target)	26
Share ownership requirements for directors	✓	18
Share ownership requirements for executives	✓	39
Formal mandates for the independent Chair of the Board and committee Chairs, and position description for the CEO	✓	21, 36
Retirement age for directors	75	24
Code of business conduct and ethics rooted in our values	✓	24
Orientation and continuing education program for directors	✓	28
Annual advisory vote on executive compensation	✓	7, 35
Formal assessment process for the Board, Chair of the Board and committee Chairs	✓	29
Shareholder engagement program	✓	26

OUR BOARD OF DIRECTORS

MANDATE AND ROLE OF THE BOARD

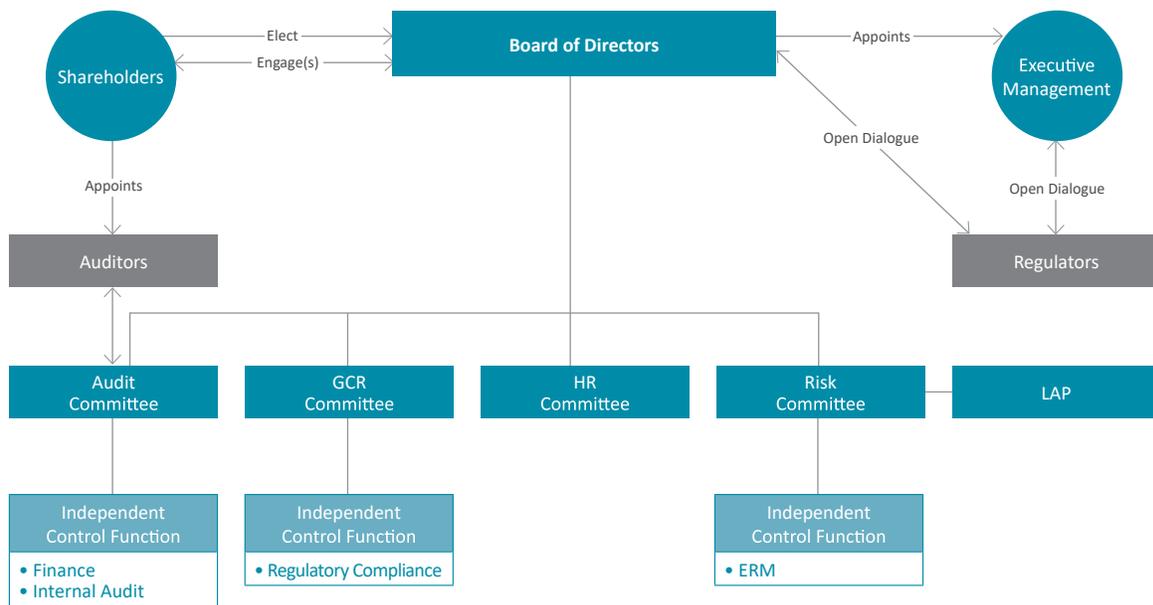

The Board's primary responsibilities are to approve and oversee items essential to the prudential oversight of CWB, such as strategy, risk appetite, capital plans and key policies, and to provide challenge, advice and guidance to CWB's senior management. The Board has plenary power and exercises overall accountability for the management and supervision of CWB's affairs. The Board has responsibility to determine CWB's approach to governance issues, including ethical conduct, based on recommendations and reports from the GCR Committee. The Board is responsible for establishing appropriate mandates and procedures to ensure that the Board, Board committees and individual directors function independently of management.

The Board has developed a mandate which is reviewed annually and sets out the Board's purpose, organization, duties, and responsibilities. Mandates for the Board, Chair of the Board, committee Chairs and each committee are available in the Corporate Governance section of CWB's website at www.cwb.com/corporate-governance, and the text of the Mandate of the Board is incorporated by reference into this Circular. In addition, a comprehensive list of directors' obligations under the *Bank Act*, OSFI Guidelines, and Canadian securities laws has been documented and cross-referenced against the Mandate of the Board and each of its committees to ensure that the Board fulfils all of its obligations.

Although the Board delegates certain matters and decisions to management, the *Bank Act* requires the Board to perform certain functions, including approving financial statements, issuing shares, and declaring dividends. As part of the delegation of authority to management, the Board establishes certain limits and thresholds which, if exceeded, require Board approval.

STRUCTURE AND COMMITTEES

To help the Board fulfil its mandate, the Board delegates certain powers, duties, and responsibilities to its committees. The current committee structure of the Board includes the Audit, GCR, HR, and Risk Committees. Each Board committee has a mandate setting out its responsibilities as summarized in the reports starting on page 30.

COMMITTEE STRUCTURE

The Board believes that individual directors should have exposure to different committees to ensure they develop a broad understanding of our operations. Each director is expected to serve on two committees (including one of the Audit or Risk Committees), and the GCR Committee regularly reviews and considers each committee's composition. The Chair of the Board serves on all of the Board committees. The diagram above provides an overview of the current Board committees. Mr. Fowler, as a management director, does not serve on any committees, with the exception of the Risk Committee's LAP in which he may participate.

The LAP is typically comprised of three Board members (who may vary from meeting to meeting) selected by the Chair of the LAP in consultation with the SVP, Credit Risk Management, and is overseen by the Risk Committee.

CHAIR OF THE BOARD

The Chair of the Board is an independent director, responsible for ensuring that the Board functions effectively and independently of management, and that it meets the obligations and responsibilities as set out in its mandate.

CHAIR MANDATES

The Board has developed written mandates for the Chair of the Board and for the Chairs of our Board committees, copies of which are available in the Corporate Governance section of our website at www.cwb.com/corporate-governance.

KEY BOARD RESPONSIBILITIES AND PRIORITIES

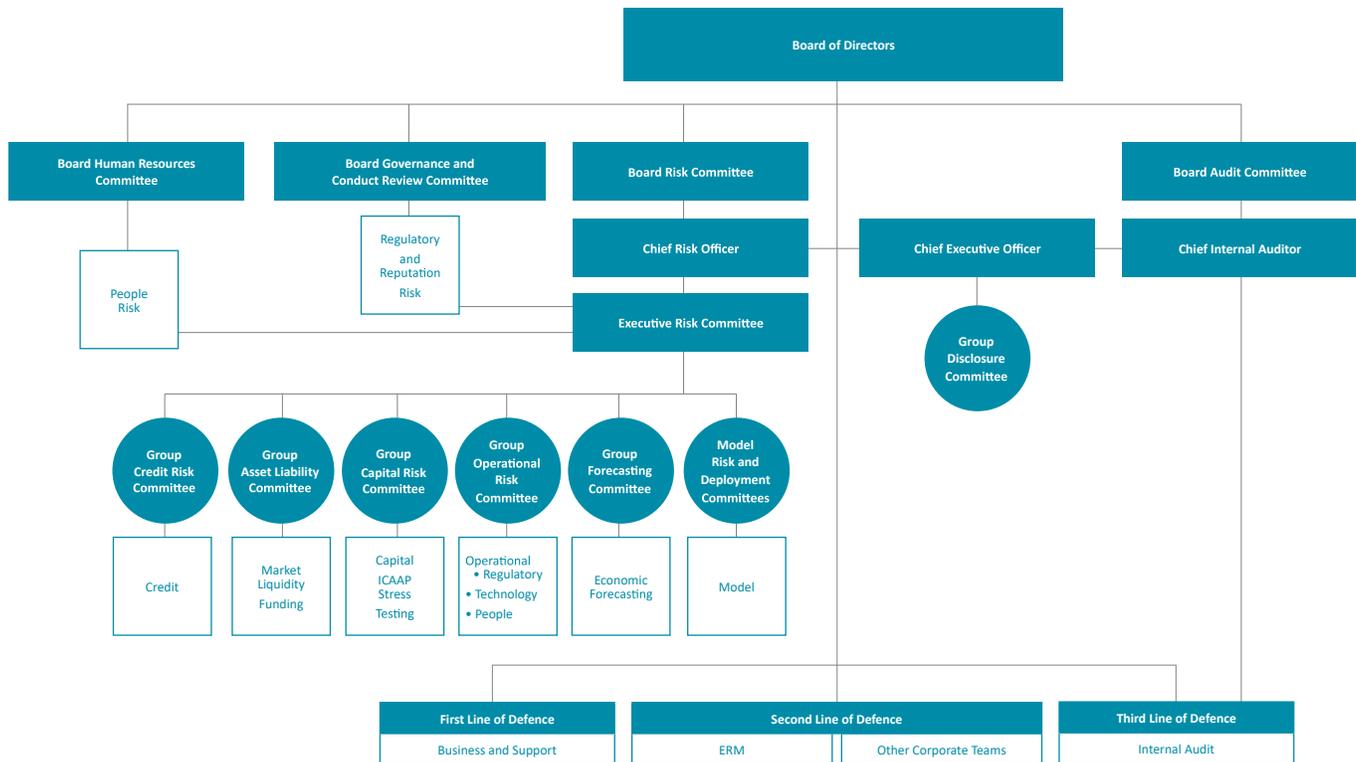

Although significant work is carried out by the committees, the Board has ultimate responsibility to oversee the management of CWB's business, including overseeing the following functions, as these are cross-dimensional and embedded in all of the Board's key decisions.

What the Board Oversees	
Culture and Values	<ul style="list-style-type: none"> The Board is a champion of our core values and ensures that we live up to our commitments to our clients, our people, and our investors. The GCR Committee oversees our ethics program and monitors adherence to our Code. The Board, with the HR Committee's assistance, works with management to promote a culture of integrity, and a safe, respectful, diverse and inclusive environment for our people and clients alike. The Board and the Risk Committee promote CWB's prudent risk culture.
Strategic Direction	<ul style="list-style-type: none"> One of the Board's key mandates and priorities is to oversee the development of our strategic direction and management's execution against our strategic goals. The Board conducts one focused strategy session each year, and at each quarterly Board meeting receives updates on, and considers refinements to, our strategic direction.

What the Board Oversees

Responsible Governance	<ul style="list-style-type: none"> • The GCR Committee reviews current and developing corporate governance best practices and refines our policies, as appropriate. • The GCR Committee continually monitors compliance with our governance policies, and makes recommendations to the Board to enhance corporate governance and Board effectiveness and to ensure the Board’s continued independence. • The Chief Internal Auditor reports to the Board (through the Audit Committee) on the effectiveness of risk management and internal controls.
Executive Compensation and Performance	<ul style="list-style-type: none"> • The HR Committee, on behalf of the Board, oversees our executive compensation program. For detailed information about our executive compensation program, please see the “Compensation Discussion and Analysis” section, beginning on page 36.
ESG and Sustainability	<ul style="list-style-type: none"> • The Board, with the assistance of the Board committees, oversees our approach to ESG issues, considers our exposure to ESG risks, and provides oversight of our approach to climate change and sustainability. • With the support of the GCR Committee and HR Committee, the Board oversees the integration of our ESG approach into our strategic direction and culture, including aligning certain executive compensation metrics with our ESG objectives (as outlined in more detail on page 42). • With the support of the Risk Committee, the Board oversees key risks, including a review of risk appetite limits and policies that are expected to evolve over time to incorporate direct consideration of climate risk. • With the support of the Audit Committee the Board oversees climate change-related disclosure, which is included in our 2021 Annual Report. • The Board’s oversight of sustainability is strengthened through board education sessions and regular discussion and review of ESG factors, including climate risk. • Our approach to sustainability focuses on long-term value creation for all our stakeholders, and the Board works with management to continue to enhance our ESG disclosures to provide our stakeholders with timely and transparent information. For detailed information about our sustainability approach, please see page 21 and page 60 of the 2021 CWB Financial Group Annual Report.
Leadership Development and Succession Planning	<ul style="list-style-type: none"> • Our succession planning strategy focuses on identifying and developing individuals, including senior management, to build leadership capability and strengthen overall succession. • Our succession philosophy is based on promoting talented individuals within CWB, supported by selective external hiring to enhance critical skills and experience, and build a diversity of perspectives. • With the HR Committee’s assistance, the Board oversees our succession planning activities. This includes robust review and assessment, at least yearly, of the succession slates for the CEO (including an emergency CEO replacement protocol), executive management, and other CWB Financial Group critical leadership positions, and monitoring development plans for those identified. Potential successors are identified on a short, medium, and longer term planning horizon. Consideration is given to the strengths and development needs of potential successors, with a focus on expertise, leadership skills, strategic capability, and diversity. Third-party consultants are used, where appropriate, to assess leadership capability and development opportunities for potential successors. • The Board also has direct insight on potential successors and individuals within CWB through a combination of Board presentations, education seminars, and meetings with such individuals.
Public Financial Disclosure	<ul style="list-style-type: none"> • The Board, on the recommendation of the Audit Committee, approves the audited financial statements, MD&A, annual information form and other public disclosure documents. Such disclosures are key channels through which we communicate our financial and operational results to our investors and stakeholders. • The Audit Committee oversees our auditor’s independence, and adherence with applicable auditing, accounting and financial reporting requirements and standards. • The Board, with the Audit Committee’s assistance, oversees and approves our internal control framework and management information systems, and reviews the effectiveness of these controls and systems.
Risk Management	<ul style="list-style-type: none"> • The foundation of our risk management framework includes a comprehensive corporate policy framework hierarchy with corporate policies and limits approved by the Board or its committees, supporting corporate standards and operating guidelines, as well as a robust committee structure. • Risk management oversight is embedded in our Board and committee structures, and governed through a hierarchy of Board and management committees and individual responsibilities as outlined in the diagram below. • The Board, with the Risk Committee’s assistance, oversees risk management to ensure a comprehensive approach to risk.

For more details regarding CWB’s approach to risk management, including a report on principal risks that CWB’s operations are exposed to, please refer to the 2021 MD&A available in the Investor Relations section of CWB’s website at www.cwb.com/investor-relations under the heading “Annual Report and Annual Meeting”. It has also been filed, and is available, on SEDAR at www.sedar.com.

CORPORATE GOVERNANCE

MAJORITY VOTING POLICY

The Board believes that each of its members should carry the confidence and support of our shareholders. The proxy form used for voting at the shareholder meeting enables shareholders to vote in favour of, or to withhold from voting separately for, each director nominee. At the meeting, the Chair will call for a vote by ballot and the scrutineers will record, with respect to each nominee, the number of shares in their favour and the number of shares withheld from voting. If the number of shares withheld exceeds the number of shares voted in favour of a particular nominee, then, for the purpose of our Majority Voting Policy, the nominee shall be considered to not have received the shareholders’ support, even though the nominee will have been duly elected as a matter of corporate law.

A director who is elected but does not receive a majority of votes cast in their favour must immediately submit their resignation to the Board. The GCR Committee will promptly consider the director’s resignation and make a recommendation to the Board whether to accept it. In making its recommendation, the GCR Committee will consider the potential cause of the withheld votes, the director’s skills and attributes, the overall Board composition, and whether accepting the resignation would cause CWB to fail to meet a regulatory requirement. The Board will accept the resignation, absent exceptional circumstances. Any director who tenders their resignation will not participate in the deliberations unless the remaining directors do not constitute a quorum, in which case all directors may participate in the deliberations. Within 90 days of receiving the final voting results, the Board will issue a news release announcing that it has accepted the director’s resignation or explaining its reasons for not accepting the resignation. If the resignation is accepted, subject to any corporate law restrictions, the Board may leave the resultant vacancy unfilled until the next annual meeting, fill the vacancy by appointing a new director whom the Board considers to merit the confidence of the shareholders, or call a special meeting of shareholders at which one or more director nominees will be presented to shareholders to fill the vacant position or positions.

Our Majority Voting Policy does not apply to a contested election where the number of nominees exceeds the number of directors to be elected. Each nominee for election to the Board must agree to the policy before their name is recommended for election to shareholders. In the event any director fails to tender their resignation in accordance with the policy, the Board will not re-nominate the director.

IN CAMERA MEETINGS

To facilitate an open and candid discussion among independent directors, a portion of every Board and committee meeting is reserved for independent directors to meet *in camera* without management or non-independent directors present.

ETHICAL BUSINESS CONDUCT

We have a strong ethical culture based upon our core values: *People first, Relationships get results, Embrace the new, The how matters, and Inclusion has power*. These values are reflected in the Code, which sets standards of legal, ethical, and responsible behaviour. The GCR Committee annually reviews the Code to ensure it remains consistent with best practices, and recommends it to the Board for approval. All directors, officers, and employees are required to comply with the Code and must annually acknowledge their commitment to abide by it. The Code is available on the Corporate Governance section of our website under the heading "Conflicts of interest and codes of conduct" at www.cwb.com/corporate-governance, and under our profile on SEDAR at www.sedar.com.

The GCR Committee oversees our ethics program, managed by an internal Ethics Committee comprised of senior leadership and chaired by the Chief Ethics Officer. The Ethics Program's objective is to strengthen and reinforce our ethical culture. The Ethics Program's priorities are to promote, raise awareness and provide training in respect of our standards of conduct and core values, identify concerns with respect to acting in accordance with these expectations, and promptly, fairly, and decisively address these concerns. Employees are encouraged to raise issues or report ethical concerns through one of our communication channels, including an anonymous, third-party provided Ethics Hotline.

Our promotion of ethical conduct and honest dealings with the public is embedded in other internal policies and procedures, including a policy for related party transactions. In the event a director or executive officer has a material interest in any transaction or agreement considered by the Board or any Board committee, such interest must be declared and recorded in the minutes of the meeting, and the director or executive officer must vacate the meeting while the transaction or agreement is being discussed. The GCR Committee's responsibilities include establishing procedures to ensure related party transactions are disclosed and reviewed in accordance with *Bank Act* requirements.

We are also committed to responding to and addressing the concerns of our clients. We have engaged an independent ombudsman to receive complaints from banking clients who are unable to obtain satisfaction from our internal complaint-handling process.

INDEPENDENCE

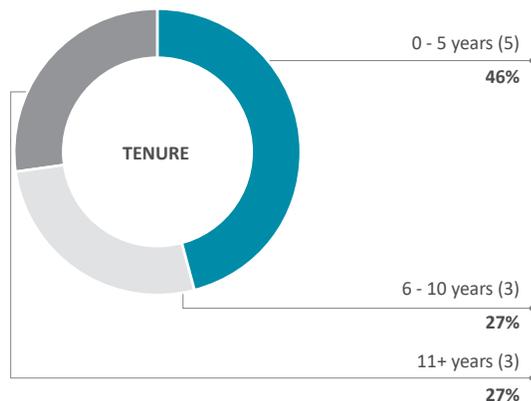

The GCR Committee has reviewed each director's status to determine whether each director is "independent" as defined in National Instrument 58-101 *Disclosure of Corporate Governance Practices* (NI 58-101) or "affiliated" as defined by the regulations set forth in the *Bank Act* on an annual basis. Each director completes a self-assessment questionnaire and the GCR Committee is made aware of any notable responses. After considering all business, charitable, and family relationships among the directors and CWB, the GCR Committee has determined that each of the director nominees, except Mr. Fowler, (or 91% of the Board) are independent and not affiliated with CWB. Mr. Fowler is not independent and is affiliated with CWB as a result of his position as CEO of CWB. Under the *Bank Act*, the CEO is required to serve as a director of CWB. The Chair of the Board is an independent director. Separating the roles of CEO and Chair of the Board allows the Board to effectively oversee management, enhance accountability, and avoid potential conflicts of interest.

Our policies restrict CWB from granting credit to a director or any person, firm or corporation related to a director, unless the credit is granted on market terms and conditions, and requirements under the *Bank Act* are complied with.

DIRECTOR TENURE

The average tenure of nominated directors is nine years. The Board has not adopted a term limit for directors, but rather, maintains a robust director assessment process and has a mandated retirement age of 75, after which the director cannot stand for re-election. The notional objective of term limits is to encourage Board turnover, introduce new perspectives, and retain independence. However, the Board views director term limits on a board as implicitly discounting the value of experience and continuity amongst board members and runs the risk of excluding experienced and potentially valuable board members as a result of an arbitrary determination.

We believe the Board has struck the right balance between experience and institutional knowledge, continuity, and fresh perspectives without mandated term limits. The effectiveness of this approach is demonstrated by the fact that 73% of director nominees have served for ten years or less, with 46% serving for five years or less. The chart below shows the tenure of director nominees standing for election at the 2022 meeting.

OTHER PUBLIC COMPANY DIRECTORSHIPS AND INTERLOCKING DIRECTORSHIPS

We recognize that Board membership requires a significant dedication of time. All director nominees currently serve on, including CWB, two or fewer public company boards, and there are currently no interlocking public company board memberships. The Board believes that its director assessment program (described in detail below) is the best method to ensure that each Board member remains accountable and continues to effectively discharge their duties as a director of CWB.

While the Board has not established a policy to limit the number of public company directorships its directors can hold, the Board considers it a factor as part of director assessment and evaluation. The GCR Committee monitors the outside boards on which CWB's directors serve to determine if there are circumstances which may impact the director's ability to devote the necessary time and attention, or to discharge their duties and act effectively and in CWB's best interest. This determination is based on the director's understanding of our business and their contribution and attendance record at Board and committee meetings.

The Board has not implemented a policy on interlocking public board memberships. The Board reviews any interlocking public board memberships on a case-by-case basis to determine if these will impact the directors' ability to act in CWB's best interest or otherwise impair a director's independence.

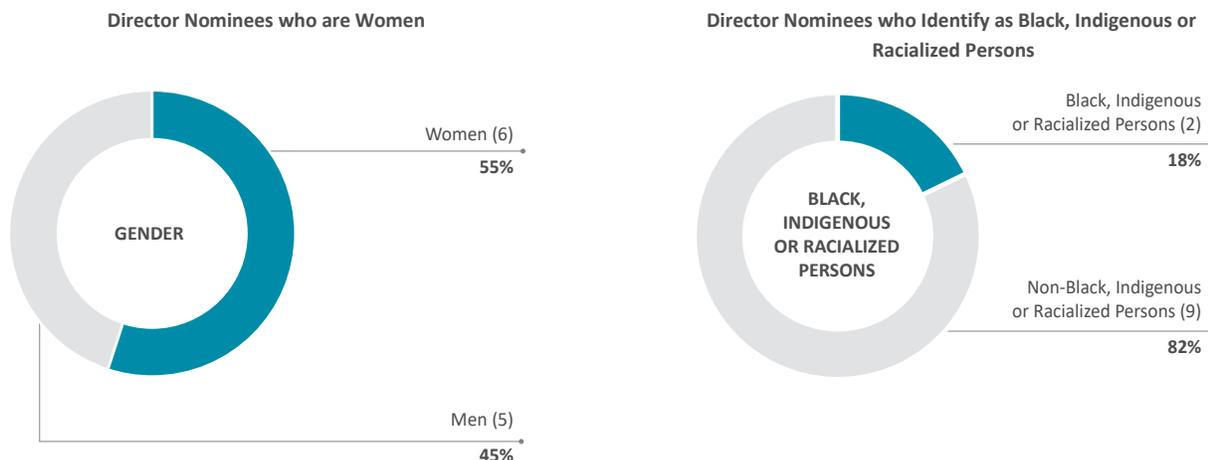

POLICIES REGARDING BOARD DIVERSITY

The Board recognizes the value and importance of diversity both at the Board level and within CWB. A board made up of highly qualified directors with diverse backgrounds enhances the corporate governance of CWB by bringing different viewpoints to the Board. Our commitment to ensuring a diverse Board is incorporated into our Corporate Governance Policy, which sets out diversity criteria to be considered by the Board. The Board first adopted a gender diversity policy in 2014, setting a target that at least 25% of the Board be comprised of women by the end of 2018. That goal was met in 2017. The current diversity criteria includes a target of 40% women on the Board, and a target that Black, Indigenous and racialized directors comprise at least 5% of the Board by 2025. CWB exceeded both of these goals in 2021. The GCR Committee annually reviews the Corporate Governance Policy (including the diversity policy) and considers its effectiveness.

The Chair of the Board and the President and CEO are members of the 30% Club Canada, an organization that supports the aspirational goal of 30% of corporate board positions held by women. In 2020, the President and CEO signed the BlackNorth CEO Pledge committing CWB to specific actions and targets designed to end anti-Black systemic racism.

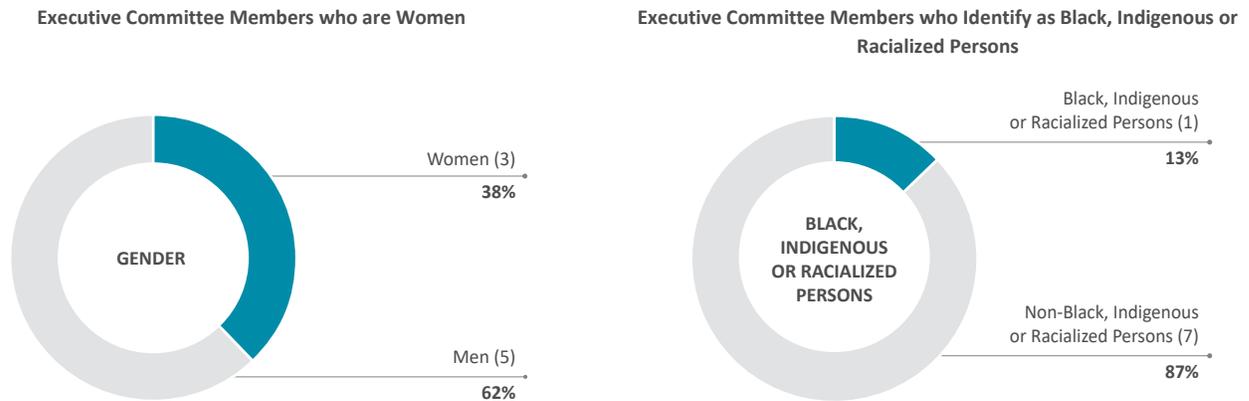

In accordance with our Corporate Governance Policy, when identifying new candidates for nomination as directors, the GCR Committee will consider each candidate's skills, expertise, experience, integrity, independence, residency and geographic location and diversity criteria such as race, ethnicity, age, gender identity, sexuality and abilities. Understanding that systemic biases exist broadly across society and our industry, the Board considers the impact of biases on candidates to obtain specific qualifications or experiences.

With current director nominees, if elected, 55% of the Board (six of 11 directors), and 60% of independent directors, will be comprised of women, surpassing the targets for women in both our Corporate Governance Policy and the 30% Club. Further, 18% of the Board (two of 11 directors) identify as Black, Indigenous or racialized persons, surpassing our target in our Corporate Governance Policy and our commitment in the BlackNorth CEO Pledge in 2021, well in advance of the 2025 commitment.

POLICIES REGARDING DIVERSITY IN EXECUTIVE OFFICER POSITIONS

Our Corporate Governance Policy requires the Board, when appointing any member of the Executive Committee, to consider, among other things, diversity criteria such as race, ethnicity, age, gender identity, sexuality and abilities. Understanding that systemic biases exist broadly across society and our industry, the Board considers the impact of biases to obtain specific qualifications or experiences. The Board set a target to have women comprise at least 30% of the Executive Committee. The Board also set a target to have Black, Indigenous and racialized people comprise at least 5% of the Executive Committee by 2025. Currently three of eight members (38%) of the Executive Committee are women, and one of eight members (13%) of the Executive Committee identify as Black, Indigenous or racialized persons, surpassing both targets in our Corporate Governance Policy.

CYBER SECURITY RISK MANAGEMENT

With increasing reliance on technology, management of cyber risk and data protection continues to be an important part of the Board’s mandate. Our Board receives quarterly reports on cyber security and is immediately notified if any incident occurs. Additionally, CWB’s Executive Risk Committee has developed and implemented a Cyber Security Risk Management Standard (CSRMS), which adopts the National Institute of Standards and Technology’s Cyber-Security Framework, to guide and establish strategic governance practices in managing cyber risk. The CSRMS ensures alignment with our Enterprise Risk Management and Operational Risk Policies, which establish the principles that make up CWB’s enterprise-wide approach to cyber security. The CSRMS is structured around CWB’s Three Lines of Defence framework, with our lines of business and Chief Information Security Office acting as the first line of defence; Operational Risk Management acting as the second line of defence; and Internal Audit acting as the third line of defence. Through our approach to cyber security, we aim to balance the benefits of technology with the potential consequences of threat events to create an effective cyber security program.

SHAREHOLDER ENGAGEMENT

We are committed to transparent and effective communication with our shareholders. In support of this commitment, our Board has developed practices to facilitate valuable shareholder engagement.

We communicate with our shareholders and other stakeholders through various channels, including our annual report, management proxy circular, annual information form, quarterly reports, corporate responsibility report, news releases, website, presentations at investor and industry conferences and other meetings. In addition, our quarterly earnings conference calls and webcasts are open to all, and are broadcast live online and archived on our website for 60 days.

We have taken a series of proactive precautionary measures to help protect the health and well-being of our employees, clients, investors and communities. As a result of the ongoing impact of COVID-19, we have enabled shareholders to “virtually” attend our annual meeting.

CWB regularly meets with institutional investors, investment advisors, organizations representing groups of shareholders, and shareholders on an ongoing basis. We also address any shareholder proposals submitted before our annual meeting of shareholders and solicit feedback from our shareholders through our “say on pay” advisory resolution on executive compensation.

The following is a summary of shareholder engagement actions that senior management and the Board undertake throughout the year:

Type of Engagement	Frequency	Who Engages	Who We Engage With and What We Discuss
Financial Results conference calls	Quarterly	Senior Management	We review CWB's most recently released financial and operating results with analysts, shareholders, and other stakeholders on these public calls and webcasts.
Annual Meeting of Shareholders	Annually	Board of Directors and Senior Management	Common Shareholders are invited to attend the annual meeting of shareholders. They are entitled to vote and discuss the business of the meeting with the Board and Senior Management.
News releases	As required	Senior Management	Released to the media and public throughout the year to disclose select issues.
Non-deal investor road shows	Continuous	Senior Management	Individual meetings with key shareholders to discuss CWB's operational and financial performance, answer questions and obtain feedback.
Conferences	Continuous	Senior Management	Speak at industry conferences and bank sponsored conferences about our business, and operations and key industry topics.
Meetings, calls and discussions	Continuous	Senior Management	We hold frequent meetings with analysts, institutional investors, investment advisors and non-institutional shareholders to address any shareholder-related concerns and to provide public information.
Ad hoc meetings as requested	Annually	Senior Management	With shareholder advocacy groups and proxy advisory firms to discuss any issues, concerns or to obtain feedback on a particular subject matter.
Ad hoc communications with shareholders, written or otherwise	As required	Board of Directors and Senior Management	We promptly respond to inquiries and requests for information from shareholders, investors and other stakeholders.
Investor Survey	Quarterly	External Consultant	Investor intelligence report – anonymized survey of shareholders met by senior management in the previous three months to obtain feedback on their perception of our performance (absolute and relative to our peers).

Our Investor Relations group is responsible for maintaining communications with the investing public and can be contacted at InvestorRelations@cwbank.com, or by telephone or mail. Investor Relations contact information and all significant disclosure documents and news releases are provided on our website at www.cwb.com/investor-relations. We encourage feedback from our shareholders who may communicate with the Chair of the Board at ChairoftheBoard@cwbank.com or our Corporate Secretary at CorporateSecretary@cwbank.com, or by writing to the Chair of the Board, Canadian Western Bank, Suite 3000, Canadian Western Bank Place, 10303 Jasper Avenue NW, Edmonton, Alberta, T5J 3X6.

DIRECTOR DEVELOPMENT AND ASSESSMENT

NEW DIRECTOR ORIENTATION

We provide each new director with multi-day orientation programming where the director meets with senior management. During these meetings, management provides the new director with an overview of our business, strategic direction, operations, initiatives, and risk management framework. New directors receive an orientation package, which includes all Board and committee mandates as well as key CWB policies and other reference material about us and the banking industry. We encourage each new director to attend at least one meeting of each Board committee during their first year as a director of CWB.

ONGOING DIRECTOR EDUCATION

Our continuing education program assists directors to maintain and enhance their knowledge, skills, and abilities. Directors are kept informed through reports and presentations at the quarterly Board meetings as to matters that impact or may impact our operations, and that are specific to the Board's oversight responsibilities, including cyber security developments, and economic and regulatory updates. The presentations provided to the Board during fiscal 2021 follow. All directors attended each session, other than Dr. Delorme and Mr. Rawji, who attended all education sessions after their appointments to the Board on April 1, 2021.

Date	Provided To	Topic	Presented By
November 2, 2020	Board	Climate Workshop	KPMG

August 26, 2021	Board	Update on Information Security Maturity Program	Mandiant, Inc.

Directors are encouraged to participate in external programs related to Board governance. To assist directors in such participation, we maintain a group membership with the ICD.

We also make internal employee training available to our directors. Directors are required to complete certain training modules on cyber security, the Code and ethical conduct, and unconscious bias and inclusion.

BOARD AND DIRECTOR ASSESSMENTS

The Board's commitment to effective corporate governance includes a two-pronged internal evaluation process and a periodic independent assessment process. In 2021, we moved from assessing the Board and Committees effectiveness and the Directors and Chairs effectiveness on alternating years, to assessing each topic annually.

Assessment	Participants	Process
Feedback on Effectiveness of Board, Committees, Directors, Chair, and Chairs of the Committees	Directors Executive Committee	<ul style="list-style-type: none">• In 2021, each participant completed a survey to assess the functioning of the Board and committees, each director, the Chair of the Board, and the Chair of each committee (in their capacity as Chair).• The survey included both quantitative and qualitative assessments related to core competencies, and the effectiveness of oversight of management, the audit function, strategy and risk. In addition, for directors and chairs, the survey included quantitative assessments related to leadership, communication and knowledge.• The Chair of the GCR Committee personally met with each director, Executive Committee member, and the General Counsel. Each director received a report reflecting their individual results.• The GCR Committee reviewed the quantitative and qualitative assessments.• The assessment confirmed that the Board and committees are functioning effectively and that the directors and chairs continue to perform at a high level. Comments and discussion identified ongoing opportunities to strengthen the board/management relations and board materials and continued focus on Board and management succession planning.
Third Party Review of Board Effectiveness	Outside Consultant	<ul style="list-style-type: none">• The GCR Committee may periodically engage an outside consultant to undertake a Board effectiveness study.

The Chair of the GCR Committee discusses any lack of requisite skills or knowledge, unacceptable deterioration of performance (including attendance) or identified areas of improvement with the applicable director. If such deficiencies are not addressed, it is expected that the director will resign or be asked to resign.

COMMITTEE REPORTS

Each committee has provided a report below that describes its responsibilities and key 2021 activities. The table on page 14 sets out the number of committee meetings attended by each director. For more information regarding the duties and responsibilities of each committee, please refer to the respective mandates available in the Corporate Governance section of CWB's website at www.cwb.com/corporate-governance. The Audit Committee's mandate is also included in the 2021 Annual Information Form that is available on CWB's website at www.cwb.com/annual-information-form and has been filed on SEDAR at www.sedar.com.

AUDIT COMMITTEE REPORT

<p>Robert A. Manning (Chair) Marie Delorme Maria Filippelli Margaret J. Mulligan Robert L. Phillips Ian M. Reid H. Sanford Riley</p> <p>Each Audit Committee member meets the standard for independence and is "financially literate" within the meaning of the Canadian Securities Administrators' rules. A review of each Audit Committee member's education, experience, and other requirements under National Instrument 52-110 – <i>Audit Committees</i> may be found in the 2021 Annual Information Form that is available on CWB's website at www.cwb.com/annual-information-form and has been filed on SEDAR at www.sedar.com.</p> <p>Meetings: Four</p> <p>At each quarterly meeting, the Audit Committee:</p> <ul style="list-style-type: none"> • Met separately with KPMG; • Met separately with the CFO; • Met separately with the Chief Internal Auditor; and • Met <i>in camera</i> with management absent. 	<p>The Audit Committee oversees the quality and integrity of CWB's financial reporting. This includes oversight over the internal and external audit functions as well as the adequacy of CWB's internal controls. The Audit Committee also acts as the Audit Committee for each of CWB's federally regulated subsidiaries.</p> <p>The Audit Committee's mandate is available in the Corporate Governance section of CWB's website at www.cwb.com/corporate-governance.</p> <p>FISCAL 2021 HIGHLIGHTS</p> <ul style="list-style-type: none"> • Recommended to the Board, jointly with the HR Committee, the appointment of R. Matthew Rudd as CFO following Carolyn J. Graham's appointment to CRO. • Provided input into the performance and compensation of the CFO. • Reviewed and recommended for approval by the Board the annual and interim earnings releases, financial statements and MD&A, and the Annual Information Form. • Received and reviewed quarterly reports from the CFO, which included detailed discussion of CWB Financial Group financial results, notice of significant external disclosure changes, and updates to accounting standards and practices. • Reviewed quarterly reports concerning the allowance for expected credit losses. • Received and reviewed quarterly reporting from management's Disclosure Committee. • Reviewed management's planned approach to continue to enhance CWB's ESG disclosure. • Received and approved an assessment of CWB's Disclosure Controls and Procedures and recommended to the Board the Internal Controls Framework. • Assessed the effectiveness of the finance and internal audit functions, and the performance of the CFO and Chief Internal Auditor. • Reviewed and approved the budget, resourcing, and mandate for the Finance function. • Reviewed and approved the risk-based internal audit plan, internal audit charter, and budget and resourcing for the internal audit oversight function. • Received quarterly reports on internal audit activities. • Reviewed and confirmed KPMG's independence as the external auditor for CWB and its federally regulated subsidiaries, and recommended the annual external audit plan to the Board for approval. • Received and discussed KPMG's reports on the annual and interim financial statements. • Approved the policy to engage external auditor for non-audit services, and approved non-audit services provided by the external auditor. • Conducted an assessment of the quality of the external audit. • Reviewed and recommended the annual financial statements of each of CWB's federally regulated subsidiaries for approval to their respective boards.

GCR COMMITTEE REPORT

Ian M. Reid (Chair)
Maria Filippelli
E. Gay Mitchell
Sarah A. Morgan-Silvester
Robert L. Phillips
H. Sanford Riley

Each GCR Committee member is “independent” within the meaning of the Canadian Securities Administrators’ rules.

Meetings: Eight

At each meeting, the GCR Committee:

- Met separately with the General Counsel;
- Met separately with the Chief Compliance Risk Officer; and
- Met *in camera* with management absent.

Annually, the GCR Committee meets separately with the Chief Anti-Money Laundering Officer.

The GCR Committee oversees CWB's governance policies and practices, identifies and recommends candidates for election or appointment to the Board, develops the process and policies for assessing, compensating and orienting Board members, and reviews the composition and assesses the effectiveness of the Board and its committees. The GCR Committee also monitors CWB's compliance with legal and regulatory requirements, and oversees our ethics program. The GCR Committee serves as the nominating committee of the Board, as well as the conduct review committee and the consumer matters committee for CWB and each of its federally regulated subsidiaries.

The mandate for the GCR Committee is available in the Corporate Governance section of CWB's website at www.cwb.com/corporate-governance.

FISCAL 2021 HIGHLIGHTS

- Reviewed our governance practices and Board and committee mandates to ensure compliance with applicable legal and regulatory requirements, including the OSFI Corporate Governance Guideline.
- Reviewed Board composition, diversity, and effectiveness, and director succession planning.
- Completed a recruitment process and nominated two new directors for election at the 2021 annual general meeting.
- Performed a review of director compensation and did not recommend changes. Recommended continuing Board education on current trends and challenges in the financial services sector.
- Combined the director and Board and committee effectiveness assessments into a single, annual assessment. Conducted the combined effectiveness assessment, which did not identify any specific areas of concern.
- Revised and approved the updated Self-Dealing Compliance Policy, Corporate Disclosure Policy, Share Trading Restrictions Policy and Assessment of Responsible Persons Policy. Approved the Legal, Regulatory Compliance and Reputation Risk Policy.
- Received the Annual Report and Compliance Opinion of the Chief Compliance Risk Officer and reviewed the effectiveness of the key risk controls, objectives, and outcomes of the Regulatory Compliance Risk Management program.
- Received the Annual Report of the Chief Anti-Money Laundering Officer and reviewed the effectiveness of the key risk controls, objectives, and outcomes of the anti-money laundering program.
- Received the Annual Report on Client Protection Matters on the effectiveness of procedures to handle customer complaints (including the CWB Ombudsman), and other consumer protection provisions.
- Received the Annual Report on Privacy Compliance on the effectiveness of procedures to use and disclose confidential information and other privacy provisions.
- Met with the Chief Ethics Officer and reviewed quarterly reports regarding the Ethics Program and conduct risk, including recommendations on a refresh of the Ethics Program governance.
- Reviewed the mandate, performance and effectiveness of the Chief Compliance Risk Officer and the Chief Anti-Money Laundering Officer.
- Reviewed and approved the budget, resourcing, and mandate for the Regulatory Compliance function.
- Continued to act as Conduct Review Committee and the Consumer Matters Committee of CWB and each of its federally regulated subsidiaries.

HR COMMITTEE REPORT

Linda M.O. Hohol (Chair)
Andrew J. Bibby
Marie Delorme
Robert A. Manning
Robert L. Phillips
Irfhan A. Rawji

Each HR Committee member is “independent” as determined in accordance with Canadian Securities Administrators’ rules. No HR Committee member currently serves as the CEO of a public company.

Meetings: Five

At each meeting, the HR Committee:

- Met separately with the EVP, HR and CC;
- Met separately with Meridian, the Board’s compensation consultant; and
- Met *in camera* with management absent.

The HR Committee assists the Board in overseeing CWB’s compensation practices and programs; the hiring, promotion and compensation of the executive officers; effective talent management, development and succession planning; employee engagement; and progress and plans with respect to employment equity, diversity and inclusion.

The mandate for the HR Committee is available in the Corporate Governance section of CWB’s website at www.cwb.com/corporate-governance.

FISCAL 2021 HIGHLIGHTS

- Reviewed and recommended to the Board the approval of executive officer appointments for the EVP & CFO and EVP & CRO roles.
- Reviewed CWB’s fiscal 2021 executive compensation approach in light of COVID-19 impacts to ensure market alignment and best practice governance principles were maintained.
- Reviewed CWB’s principles for exercise of considered and informed discretion with respect to STIP and LTIP executive compensation programs and approved a change to exclude the performing loan allowance from all periods of outstanding and new STIP and LTIP awards performance calculations.
- Recommended to the Board the annual salary adjustment and short- and long-term incentives for the CEO and approved these for other executive officers.
- Established the fiscal 2021 STIP performance objectives for the CEO and other executive officers and reviewed the performance of each executive officer.
- Approved the long-term incentive award pool, awarded grants under the SIP, and established performance criteria for grants under the PSU Plan.
- Reviewed progress on key PSU and STIP metrics on a quarterly basis and approved final payout factors for vesting PSUs.
- Reviewed several compensation policies, approving changes to reflect evolving market and governance best practices.
- Reviewed and approved new sales incentive plans for implementation in fiscal 2021 and 2022.
- Reviewed and recommended position descriptions for the CEO and other executive officers to the Board for approval.
- With the Board, reviewed the succession plans for the CEO, executive officers, and other key roles in CWB Financial Group, and ensured appropriate programs are in place for talent, leadership development and progress on designated group representation.
- Reviewed senior leadership changes, including strategic changes and reorganizations in several key business units.
- Received and discussed CWB’s employee trust survey results and management’s action plan.
- Reviewed CWB’s COVID-19 employee response, including safety protocols, return to the workplace plans, long term approaches to flexible work and CWB’s vaccination directive.
- Reviewed CWB’s mental health strategy, including new initiatives put in place to support employee wellness during the COVID-19 pandemic.
- Reviewed progress and plans for people, benefits and pay approaches for CWB’s Wealth Management and Equipment Finance business integrations.
- Reviewed progress and plans with respect to employment equity, diversity and inclusion.
- Reviewed employment and workplace federal and provincial legislative developments and management’s compliance plans, with Director education on the new federal pay equity requirements.
- Received and discussed regular reports on talent acquisition, attrition, key talent development, total rewards, and learning and engagement initiatives in addition to other significant HR matters, including CWB’s approach to attracting and retaining talent in a highly competitive market.

RISK COMMITTEE REPORT

Sarah A. Morgan-Silvester (Chair)

Andrew J. Bibby

Linda M.O. Hohol

E. Gay Mitchell

Margaret J. Mulligan

Robert L. Phillips

Irfhan A. Rawji

Meetings: Five

At each quarterly meeting, the Risk Committee:

- Met separately with the CRO; and
- Met *in camera* with management absent.

LAP

Andrew J. Bibby (Chair)

Each LAP is comprised of three Board members as determined from time to time by the LAP Chair and the SVP, Credit Risk Management.

Meetings: Ten

The LAP Chair may schedule a panel meeting at any time, as needed.

The Risk Committee assists the Board in overseeing risk management at CWB and balancing risks and opportunities while ensuring that management has policies, standards and guidelines in place to identify and effectively manage the significant risks to which CWB is exposed. The primary goal of risk management is to ensure that the outcomes of risk-taking are consistent with our business activities, strategies, and risk appetite.

The Risk Committee's responsibilities include oversight of risk identification, measurement, and management by CWB's Three Lines of Defence functions in accordance with CWB's Enterprise Risk Management and Enterprise Risk Appetite Policies.

The Risk Committee from time to time forms a LAP to deal with credit applications that are in excess of management's delegated lending limit but within the limits of the LAP. The LAP also deals with loans to, or guaranteed by, a foreign country and approves credit applications in excess of the lending limits prescribed under the CWB Enterprise Risk Appetite Policy.

The mandate for the Risk Committee is available in the Corporate Governance section of CWB's website at www.cwb.com/corporate-governance.

FISCAL 2021 HIGHLIGHTS

- Recommended to the Board, jointly with the HR Committee, the appointment of Carolyn J. Graham as CRO.
- Provided input into the performance and compensation of the CRO.
- Reviewed and approved the following policies:
 - Market Risk Management;
 - Liquidity Risk Management; and
 - Capital Risk Management.
- Recommended to the Board for approval, the following policies:
 - Enterprise Risk Management; and
 - Enterprise Risk Appetite.
- Received and reviewed the following quarterly reports on the following topics:
 - Chief Risk Officer report, including emerged and emerging risks.
 - First and Second Lines of Defence reports on credit risk, market risk, capital risk, operational risk, and data governance.
 - Risk-based expected credit losses.
 - Progress of CWB's AIRB parallel run and enhancement of risk management tool and processes.
 - Chief Internal Auditor's report on topics relevant to the Risk Committee.
- Recommended approval of internal capital ratios and regulatory capital plan to the Board.
- Reviewed and approved the Business Continuity Program and Policy.
- Reviewed and recommended to the Board the declaration of dividends.
- Received and discussed special reports on liquidity and funding, commercial real estate, residential mortgages and specialized finance, data governance, functional responsibilities between First and Second Lines of Defence for cyber and technology risk, and ERM framework development.
- Assessed the effectiveness of the ERM function.
- Approved the budget, resourcing, and mandate for the ERM function.
